

Betty Wales Dresses

EACH Betty Wales Dress is the fruit of an honest endeavor to obtain perfection by improving and uniting in one form all the best qualities to be found in different, individual forms.

In the world of art, such endeavor is termed "idealism."

So, Betty Wales Dresses are truly the ar-

tistic ideals that so many strive for and so few attain.

Betty Wales Dresses are sold in only one store in each vicinity.

The Betty Wales store in Pendleton is The Peoples Warehouse and it is now displaying a wonderful assortment of dresses.

They're Economically Priced from \$19.75 to \$59.50.

PRESENCE OF TOWN IS NOTED BY SIGN POSTS

YAKIMA, Wash., Nov. 6.—So many motorists have passed through Union Gap, near here, without even knowing that there was a town in the vicinity, until they were halted into court on speeding charges, that a number of complaints have been made to the local commercial club by tourists, suggesting that some distinctive marking setting forth the presence of a town there should be posted.

The commercial club has at last heeded the complaints, and with the consent of the county commissioners and the state highway commission, has erected 100 feet north and south of the city limits of Union Gap, small and cross-bones signs. The signs are 6 feet by 4 feet in size and bear the legend, "Danger—Speed up ahead. Do not exceed 20 miles an hour."

DRUMRIGHT, Okla., Nov. 6.—(U. P.)—The cyclone's total damage is estimated at a million dollars, six killed, to be buried today, and scores of homeless between here and Samarkand, the center of Saturday night's twister. A hundred and fifty rigs were wrecked in the oil fields.

CAMPAIGN FOR CHURCH GIVING IS LAUNCHED

CHICAGO, Nov. 6.—(U. P.)—To awaken the conscience and intelligence of the people of the Protestant Episcopal church to the needs set out in the program adopted at the Portland general convention, thereby raising the average of regular giving throughout the communion, is the main object in view in the nation-wide campaign to be conducted wholly within the ranks of the church, according to a statement by Chicago headquarters of the denomination.

Results of the campaign in the three years now closing encourage church leaders in the belief that the ensuing three years will be equally successful, says the statement, quoting the secretary of the field department.

"In the eighty-eight dioceses of the church in the United States the work of informing our people of the convention program and explaining the educational methods to the leaders, already is going forward," continues the statement. "Our reports show enthusiasm and determination that will go for another big advance in the missionary, educational and social service fields."

The program, which fixed a budget of \$21,000,000 for the next three years' work, will support 3,000 missionaries in America and throughout the world and carry on the work of religious and social service to which the church is committed. A forward program also was adopted involving an additional \$8,400,000 of which eight percent will be spent in the United States and its territorial possessions for hospitals, schools, new churches and community houses, with special emphasis upon work among Indians, negroes, mountaineers and mill workers, according to plans. Americanization and rural and industrial effort also came under the program.

An appropriation of \$2,000,000 for denominational colleges and for student work at fifty-five of the great secular institutions all over the land, is provided in the program. The budget is to be raised by quotas in the three years ending 1925.

WAGE BILL KILLED

WASHINGTON, Nov. 6.—(U. P.)—Minimum wage legislation was dealt a severe blow when Judge Van Orsdel, district court appeals, declared unconstitutional a law passed by congress fixing the minimum amounts to be paid women and minors in the nation's capital. The law was considered an opening wedge for fixing minimum wages throughout the nation. The judge said a constitutional amendment only could legalize such legislation.

NEW PLAN IS DEVISED FOR 1923 CHAUTAUQUA

Prospects for Chautauqua in Pendleton next season seem much brighter as a result of a new plan which has been arranged for its management.

A strong desire has been expressed by Pendleton people who have pointed out its great inspirational and educational value to the whole city. A new plan and a much more liberal contract has been authorized by The Edison-White Portland office, through their representative, J. L. White, of Spokane, who is here to complete the detail arrangements.

Mr. White is a brother of the White in the Chautauqua firm, and has been with them as director for the full ten years in which they have been operating in the ten western states of Texas, Arizona, Mexico, California, Utah, Oregon, Idaho, Washington, Montana and Wyoming.

The new plan calls for a local manager who will see that the systematic organization work is done at the proper time and will, during the Chautauqua period, attend to the detail work of checking tickets, etc. H. F. Aswell has been selected for this work. The Pendleton Women's Club, at recent meeting, endorsed the Chautauqua for 1923. Colfax, Lewiston, Walla Walla, La Grande and Baker, all on this circuit, have re-booked the Chautauqua for next year.

FIVE KILLED IN FIRE IN CALIFORNIA TOWN

RED BLUFF, Cal., Nov. 6.—(U. P.)—Five persons were burned to death and another severely injured Saturday night when fire destroyed a rooming house at Westwood, a lumber town in Lassen county, according to word here today. Henry Forchert, Charles Fraser, Robert Owens and Harry Roberts, all lumber company employees, and one unidentified man were those losing their lives. The authorities are holding Edward Swayne, charging the fire started in his room when he accidentally set the bed afire.

MEMORIAL PLANS FORMED.

SPOKANE, Wash., Nov. 6.—Plans to immediately partially finance the construction of a Lincoln memorial monument to be presented next June as Spokane's gift to Civil War veterans, are being formulated by a committee from the Lincoln Civil War Veterans' Memorial association. The committee, including members of Spokane patriots and civic organizations, plans to raise \$2,500 immediately for an initial payment, and \$10,000 by January 1, 1923. The total cost of the proposed monument is estimated at \$25,000. The monument will be an 11-foot bronze figure and will be located in a parking strip at the intersection of Main and Monroe streets. Almona Victor Lew-

is, western sculptor, has been selected to design the figure. Kirtland Cutler, a Spokane architect, will assist in designing the base on which the figure will be mounted. It is planned to unveil the monument during the convention of the Washington and Alaska Civil War veterans here next June.

"Why Man of Today Is Only 50% Efficient"

is a little book now being given away by us. It tells interestingly why "that tired dragged-out feeling," headaches and biliousness are but forerunners of more serious troubles, if we only knew it, as well as keeping us but half fit for the strenuous life necessary for the success that should be ours.

It also tells how, by the scientific use of simple pure warm water this condition can be permanently corrected and we can be one hundred per cent. every morning in the year.

McDermine has no part in the result, over a million enlightened Americans have read this book in the past few years, and are now delighted with the health they enjoy through the simple home practice which it recommends.

Ask us today, while you think of it, for this interesting book.
Remember, it is free on request.
